HP COATED PAPER

Roll or stack your time-sensitive documents right off the printer. Ideal for color-accurate everyday prints, working comps, and design proofs, this premium bright white paper is easy to handle and provides high-quality, consistent results.

Accomplish more with consistent results every time

From line drawings to illustrations and light ink-density graphics, see high-quality, consistent image quality print to print and roll to roll.

Improve your response time

Handle prints with confidence right off the printer. An enhanced coating provides ink abrasion resistance to help you deliver on quick turnaround times.

Gain versatility for a wide range of applications

With this versatile premium bright white paper, you can do more—from working comps and design proofs to fine line drawings and illustrations. Compatible with a wide range of HP Designjet printers using Original HP dye- and pigment-based inks as well as HP Latex Inks, HP Coated Paper enables broad application possibilities and printing flexibility.

Print with the environment in mind

Help meet the environmental objectives of your company—and your clients. HP Coated Paper is PEFC certified as a paper that supports responsible forest management worldwide. And this paper is recyclable through commonly available recycling programs.
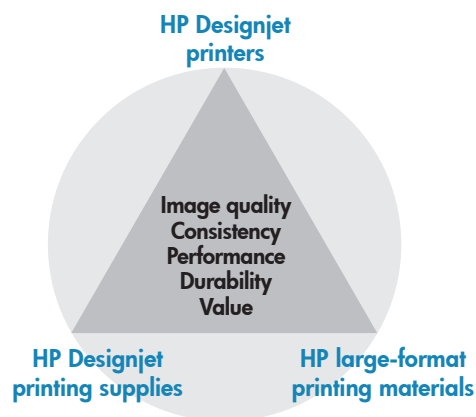

Target audience

- Architects
- Engineers
- Geographic Information Systems (GIS) professionals
- Graphic designers
- Print service providers

Benefits

- Crisp text and graphics, consistent high-quality results
- Resistance to ink abrasion for easy handling
- Broad HP Designjet printer compatibility
- PEFC certified paper
- Recyclable through commonly available programs

The HP Designjet printing system—the complete solution

HP Designjet printers, Original HP inks and printheads, and Original HP printing materials are designed to work together as a system to ensure reliable, consistent results with every print.
