

Overview & Specifications

Overview and features	
Overview	Bring concepts to life, move quickly through proofing, make winning presentations. With an excellent color gamut and consistent gloss, this premium photo paper delivers accurate color and color stability in less than one hour. Photo-realistic prints achieve over 80 years indoor display permanence.[1] Available in a range of roll sizes, this FSC®-certified[2] paper is designed together with Original HP inks to provide the ideal solution for proofs and photos on HP Designjet T series printers.
Benefits	<ul style="list-style-type: none"> • Give your ideas a photo-realistic finish • Produce durable, long-lasting display prints • Gain versatility, reduce your environmental impact
Target customers	Professional photographers, pre-press, graphic designers, repro houses, and retail.
Target applications	Ideal for graphic design and photography as well as CAD and GIS applications such as posters and presentations, POP and retail displays, photo enlargements, proofing, and art reproductions.
